DESCRIPTION

Bentley wanted the new Arnage T to have the "honour" of being the fastest and most powerful sedan on the market at that time. Its maximum power is 457 hp at only 4,100 rpm, more than the BMW 760, the Audi A8 W12 or the more powerful version of the Mercedes S-Class, the S63 AMG. It was the most powerful Bentley for sale to the public that had ever existed.

Price:We do not give latest prices, but we are happy to listen to reasonable offers and make every effort to accept them.

Cars Exchange (Cars as part payment):Normally we cannot accept cars as part of payment, but we have many customers looking for different cars, if you send us an email to sales@cohencars.com with the information of your vehicle (car photos, copy of the registration, KMs, general condition and defects). We can add it to our database in order to offer it to our customers. We can always make an offer to buy it immediately but will be much less than the market value.

Additional Information:We work much better by Email sales@cohencars.com than by phone, but if you prefer to call us, we will be happy to assist you!
