DESCRIPTION

Land Rover began to manufacture, in 1948, a model with the denomination Defender destined for sale to the public. Since then and until January 2016, which is when production ceased, has had several modifications, the last in 2007. This work of art was designed & built in-house by our team. No expense was spared and no compromises made in what we believe to be the ultimate Land Rover Defender. We can now offer this vehicle with an option of having a 6.2 V8 430bhp Engine coupled to an Automatic Transmission for the ultimate All Blacks Defender.

Price: We do not give latest prices, but we are happy to listen to reasonable offers and make every effort to accept them.

Cars Exchange (Cars as part payment): Normally we cannot accept cars as part of payment, but we have many customers looking for different cars, if you send us an email to carsales@cohencunild.com with the information of your vehicle (car photos, copy of the registration, KMs, general condition and defects). We can add it to our database in order to offer it to our customers. We can always make an offer to buy it immediately but will be much less than the market value.

Additional Information:We work much better by Email carsales@cohencunild.com than by phone, but if you prefer to call us, we will be happy to assist you!

"Life is too short not to buy the car you've always wanted"
