DESCRIPTION

To celebrate the 50 years of Mercedes-Benz AMG, the German brand decided to release a limited edition, the Mercedes-AMG GT Coupe "Edition 50". Of this model, only 500 units were manufactured worldwide, thus offering a plus to customers who want something different. This version offers technical specifications worthy of a supercar. Its numbers are truly scandalous, its 557hp engine offers torque of up to 680Nm. This translates into acceleration from 0 to 100km/h in 3.7sec and a maximum speed limited to 316km/h. Likewise, apart from its great power, this model has a total weight of 1,735 kg.

*** ES Plates**

Price:We do not give latest prices, but we are happy to listen to reasonable offers and make every effort to accept them.

Cars Exchange (Cars as part payment):Normally we cannot accept cars as part of payment, but we have many customers looking for different cars, if you send us an email to **sales@cohencars.com** with the information of your vehicle (car photos, copy of the registration, KMs, general condition and defects). We can add it to our database in order to offer it to our customers. We can always make an offer to buy it immediately but will be much less than the market value.

Additional Information:We work much better by Email sales@cohencars.com than by phone, but if you prefer to call us, we will be happy to assist you!

“Life is too short not to buy the car you’ve always wanted”
