Kilometers	6.000km

DESCRIPTION

Technological “glamor” of SLR has been brought to ecstasy in 722 with the modification of more than 300 components, thinning weight 44 kg, more top speed and up to two tenths less accelerating, putting about a slower second a Formula One car. The V8 has been toned by Affalterbacher Motoren – Gesellschaft (AMG), sports division of Mercedes – Benz . The car has 650 hp, 26 more than the base model. The 722 is the departure time of Stirling Moss Mercedes in 1955 when he won the Mille Miglia in Italia. The car has 650 hp, 26 more than the base model . The 722 is the departure time of Stirling Moss Mercedes in 1955 when he won the Mille Miglia in Italy. The car is a tribute to that success...

Availability: All our cars are updated daily; if it's announced then it's available!

Price: We do not give latest prices, but we are happy to listen to reasonable offers and make every effort to accept them.

Cars Exchange (Cars as part payment): Normally we cannot accept cars as part of payment, but we have many customers looking for different cars, if you send us an email to **sales@cohencars.com** with the information of your vehicle (car photos, copy of the registration, KMs, general condition and defects). We can add it to our database in order to offer it to our customers. We can always make an offer to buy it immediately but will be much less than the market value.

Additional Information: We work much better by Email **sales@cohencars.com** than by phone, but if you prefer to call us, we will be happy to assist you!

Financing: We do not finance directly, but if you provide us the necessary documentation, our bank will be delighted to study your case.

Accuracy of the facilitated information: Cohen & Cars Workshop makes every effort to represent all their vehicles accurately and with integrity but we cannot be held responsible for errors and mistakes. We always welcome third party inspections.

“Life is too short not to buy the car you’ve always wanted”
