DESCRIPTION

The Porsche 981 Boxster is developed on a variation of the platform that gave life to the Boxster of 2012. Thanks to it, it keeps the engine in a central position and the traction to the rear axle. In addition, thanks to a lower weight, its dynamic behaviour is more direct.

The design is now sharper and wider. Seen from the front, the bi-xenon headlights and the air intakes stand out as a hallmark of the turbo engine. Viewed from the side, the new sports car is distinguished by its prominent wings and skirts.

Price:We do not give latest prices, but we are happy to listen to reasonable offers and make every effort to accept them.

Cars Exchange (Cars as part payment):Normally we cannot accept cars as part of payment, but we have many customers looking for different cars, if you send us an email to sales@cohencars.com with the information of your vehicle (car photos, copy of the registration, KMs, general condition and defects). We can add it to our database in order to offer it to our customers. We can always make an offer to buy it immediately but will be much less than the market value.

Additional Information:We work much better by Email sales@cohencars.com than by phone, but if you prefer to call us, we will be happy to assist you!

"Life is too short not to buy the car you've always wanted"
